

OUTDOOR MATHS

BEAR & LAPOR CREATIVE OUTDOOR LEARNING

Outdoor Maths

What does it involve?

This one day course demonstrates how the outdoors provides opportunities for making children see that mathematics is real and relevant. By the end of the course delegates will have completed activities relating to KS1 & 2 including:

- Measuring, using & applying knowledge and skills.
- Shape, position & direction.
- Calculations & problem solving
- Discussed how these ideas may be applied in their role and simple resources to use.

In addition, we will explore links to the National Curriculum, topics and books / stories.

Target Audience

- Teachers, Teaching Assistants & Early Years Practitioners.
- Outdoor Practitioners.
- Forest School Leaders.
